**Eastham Conservation Commission  
555 Old Orchard Road and  
Onto Various Locations  
June 23, 2015 (Postponed to June 30, 2015 )  
Public On-Site Meeting  
MINUTES**

**Commissioners Present:** Chair Stephen Smith, Michael Harnett, Mary Zdanowicz, James Baughman and Steven Kleinberg.

**Commissioners Not Present:** Steven LaBranche.

**Staff Present:** Shana Brogan.

**Also Present:** Gary Bluestein

The meeting started at 8:15 AM.

**Continuation of Notice of Intent filed by Gary and Marc Bluestein. Applicant proposes repairing and heightening 140 linear feet of rock revetment at property located at 5 and 6 Nan's Way, Map 07, Parcel 517 and 514A.**

Commissioners visited the site. They reviewed the proposed height of the revetment and discussed and reviewed neighboring properties and the right of way.

**Request for Determination of Applicability filed by Kenneth Reeves. Applicant proposes to repair septic tank that is root bound and replant disturbed area property located at 49 Longstreet Map 10, Parcel 343.**

Commissioners visited the property and noted there was a lot of native vegetation at the site where the work was proposed. They clarified the scope of work with the owner and replanting details. It was also noted that a limit of work would be needed given the slope.

**175 Mary Chase Road – light pruning of trees and shrubs to maintain view of marsh and Fort Hill located at Map 18, Parcel 85.**

Commissioners visited the site and determined there was already a large and expansive view of nauset marsh that was unobstructed from the back deck. Cedar trees were already slightly topped but still alive and healthy. The vegetation proposed to be cut was more cedar trees and large mature bayberry and other native vegetation.

**Adjournment**

Respectfully Submitted as prepared by,

Shana Brogan
