

Recycling Committee
Tuesday, April 19, 2022, at 5:30
Small Meeting Room, Town Hall

Members Present:
Gary Senecal
Alicia Couture
Molly Chapman
Lee Bartell
Amy Hackworth

Members Absent:
Rick Leary

- March 23, 2022, minutes approved.
- Composting questionnaire will be sent out this month. Also to Chamber of Commerce, Nauset Disposal, etc. Tabulating will continue through August.
- Swap Shop needs a new roof. Gary called Cape Associates which is backed up 5-6 months, but will get an estimate. Possibility of creating a donations method needs to be discussed with the Administration.
- Gary discussed summer outreach efforts. He is hoping to get out soon his sustainability article. Alicia has created a flyer for visitors and renters which will need Silvio's approval. Hopefully it will be printed by the Administration and then distributed on webpage and throughout businesses in town (i.e., realtors, restaurants, shops, library).
- Re-upping was discussed along with staffing town meeting.
- Gary discussed the recent stakeholders meeting which included T-Time, Town Plaza and proposal that the COA will move into the community center.
- Gary also discussed a recent webinar on "The Problem of Plastics", including recyclability of nos. 1-2 and 3-7.
- A discussion followed comparing the committee's charge and what is actually done by the group. To be continued.
- The meeting was adjourned at 6:35.

Respectfully submitted,
Amy Hackworth, Clerk
