[www.capecodextension.org](http://www.capecodextension.org)

**M**anaging your health care at home can be a complicated process, especially when it comes to disposing home health care supplies like syringes and lancets. These syringes and lancets are called Household Sharps.

## WHO USES SHARPS ON CAPE COD?

Many residents, ranging from children to seniors, manage their health care at home. Some specific groups of people using household sharps include...

*Diabetes Patients*

*Rheumatoid Arthritis Patients*

*Hemophiliacs*

*Pet Owners*

*Farmers*

## How to Store Sharps BETWEEN DROP OFFS

- ▲ Deposit used syringes and lancets into an approved sharps container.
- ▲ Label your container, "Contains Sharps" and immediately put used sharps into the container.
- ▲ Close your container between uses.
- ▲ Bring a portable sharps container when travelling.
- ▲ Store your container in a safe place away from children and pets.

## DO NOT...

- ...flush sharps down the toilet!
- ...drop sharps into storm drains!
- ...clip, bend, or recap sharps!

## DROP OFF LOCATIONS

You will receive a new disposal container at the drop off site. Please use this container as state regulations prohibit disposal of sharps in household containers
